SoftPro® Introduces Property Tax Reporting Integration with DataTrace®

Raleigh, NC – December 13, 2022 – SoftPro announced today a new national property tax reporting integration with DataTrace Information Services, LLC, one of the nation's largest providers of data and automation solutions to the title and settlement services industry.

The integration of the DataTrace TaxSource™ report and the SoftPro 360 business exchange portal provides SoftPro users with automated access to national tax status reporting. SoftPro users also have access to DataTrace's fully managed Title Production Services (TPS) and regional tax information and certificate services, all in one platform.

Through the product integration, SoftPro users can place DataTrace TaxSource report orders and receive the most recent tax status data directly in SoftPro. The integration reduces time-consuming data entry and improves efficiency and accuracy. TaxSource delivers nationwide property tax data at the city and county level, which undergoes rigorous validation and standardization to consistently deliver accurate tax data regardless of jurisdiction.

Patrick Hempen, SoftPro chief customer officer, stated, "We are pleased to provide the integration with DataTrace TaxSource for expedited ordering and delivery of property tax reporting. Providing one-time data entry improves accuracy and efficiency for our customers."

"The integration solves the challenges of managing in-house tax searches and multiple regional vendors, providing all the title and tax data SoftPro users need, the way they need it -- directly into SoftPro", said Chris Flynn, DataTrace vice president of product and strategy. "Title professionals want instant access to nationwide tax reporting with the most current tax status and we are excited to deliver the enhanced efficiency and accuracy of DataTrace TaxSource to SoftPro users."

SoftPro 360 eliminates the need for manual processes, such as emails and phone calls, and links SoftPro to a nationwide network of third-party service providers. By securely ordering title products and services through the SoftPro 360 portal vendors, title and escrow companies improve their overall productivity.

About SoftPro

SoftPro is the nation's leading provider of title, closing and escrow software. Offering an award-winning suite of products designed to increase volume and revenue, SoftPro delivers innovative technologies to streamline the closing process. SoftPro has been recognized by the American Business Awards every year since 2007 – winning awards for superior customer service, support and product development.
