NMLS Data Add On Report

Reporting in Over 1,000 Counties

The Market Share & Activity Report is available in over 1,000 counties across the U.S., and dates back to January 1, 2014. You can subscribe to get regular updates or order a report for one-time use.

Standardized and Quality Checked – It's Data You Can Trust

DataTrace aggregates multiple public and proprietary data sources, to create a report that is easy to use for gathering insightful information. The data format is standardized by volume - including Title Company and Lender Name. In addition, as with all of the data you receive from DataTrace, rigorous quality assurance measures are applied.

NMLS Data Add On – Deeper Insights into Your Market

Want to know your share of mortgage market versus your competition? The National Mortgage Licensing System (NMLS) ID data is available in the Market Share and Activity Report, and gives you visibility into loan officer and mortgage broker volume, the types of loans they've completed and loan amount. The NMLS ID add-on is the ideal way to find new market opportunities and track the success of current initiatives with loan officers and brokers.
