Overview

The Open Lien Report focuses specifically on the current owner’s open liens, the lien position, last market sale, property tax status and foreclosure status, if any.

Before We Begin:

The Open Lien Report sources data from the following: County Recorder, County Assessor, and First American Title Plant data (where available). Coverage information is found in the Help Menu > Geo-Coverage in TitleFlex.

The Tax Status section will use Title Plant information and switch to Assessor’s information if plant data is unavailable.

Property and Ownership Information:

The top of the report contains the owner, property, and foreclosure information. Note that you can order the Foreclosure Report directly through the Open Lien Report.
